

Email template for VN Futures School Ambassadors offering a school visit

Dear Sir/Madam [or name of head teacher or other contact if known],

I'm a STEM Ambassador and a Veterinary Nursing Futures School Ambassador, and I would like to offer your year 7, 8 and 9 pupils at [name of school] an online or in-person talk on careers in veterinary nursing.

I'm a registered [+/- Equine] Veterinary Nurse and I volunteer for the VN School Ambassadors Scheme, an initiative which aims to raise awareness of the veterinary nursing profession. One of the ways we do this is by giving talks to young people about how they can become a vet nurse (VN). In a talk we cover what a typical day in the life of a VN looks like and, of course, how we look after the animals that are committed to our care.

We realised that many vet nurses didn't find out about the profession until they left school or much later. The VN Futures scheme aims to address this by raising awareness of the amazing work that vet nurses do and encouraging school children to consider a career in vet nursing. You can find out more about the VN Futures project here: www.vnfutures.org.uk

It would be great to have the opportunity to deliver a talk about veterinary nursing careers for your pupils, either online or in person. My talks are approximately [insert your talk length here] minutes long and have the option to include a Q&A session, and some activities to help engage the children. I can also tailor the talk length and content to whatever would fit best with you and your schedule.

If you would like to find out more about a VN Futures School Ambassadors talk, you can contact me on [email address], or we could arrange a time to talk on the telephone if this would be easier.

I look forward to hearing from you.

Best wishes,

[first and second name and credentials]
